2017

We were invited to Sprott House Karori for an Indoor Bowls game with afternoon tea. The competition was very exciting. We didn't win this time but we are going back in August and we want to win! We have to practice until that time. Everybody enjoyed this activity with another group.

Tony usually plays music fortnightly for us. In July he invited one of his family members and a friend to play with him which made for a very enjoyable musical group. They give us an exceptional performance.

Highlights in activities for July: Armchair travelling with refreshing our geography knowledge. In art we were focusing on winter landscapes. We also implemented a new activity and composed poems jointly about ourselves.

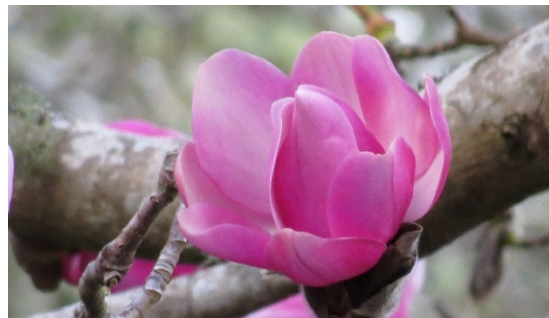

We visit Animates Pet Care Shop regularly. The best time to visit this place is when the owners wash their dogs. This activity makes everyone smile.

ANIMATES
DIY DOG WASH

Have you been to the Botanical Gardens recently? You can see some early flowers already blooming. Snowdrops and Magnolias showing us that spring is coming.

We love to be here

Warm Regards from the Marsden Club
