A flashback picture from December: On our last day we had a surprise visit from Santa Claus, he gave chocolates to everyone.

We are back, and we are very busy with activities. Painting on canvas was the most popular art activity. The woodwork workshop started a new project only for men. If music is involved during the day our members happily participate.

Our garden provides a calm and beautiful environment for various activities like singing.

Agapanthus - Lily of the Nile and Foxglove flowers are blooming these days. The weather hasn't been very summery so far, but we still enjoy the colourful parks and gardens when we can. Please don't forget sun protection.

The number 1 game in the Club is the Scattergories Word game. **Scattergories** is a creative-thinking category-based party game originally published by Parker Brothers in 1988. Parker Brothers was purchased by Hasbro a few years later and they published the game internationally. Besides the enjoyment this game is a great brain exercise. Refreshing and extending people's vocabulary, triggering memories and also keeping the communication skills alive.
