...June...
"JUNE"

Thank you to BP for their generous donation of petrol vouchers. We will use these to reimburse our wonderful volunteers for the time and energy they give to the

A big **thank you** also to our families for their recent donations. We currently have a couple of up-coming projects including new blinds for our lounge/dining area, which we will utilise these donations for.

The most popular outing in May was a visit to Old St Paul's Church in Wellington. Old St Paul's is one of the world's best examples of Gothic Revival architecture.

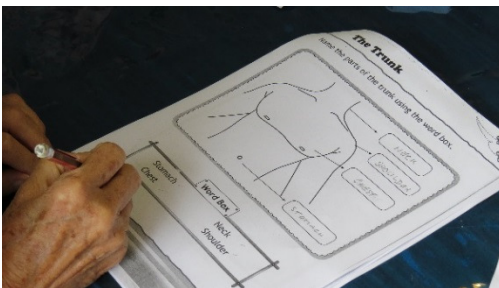

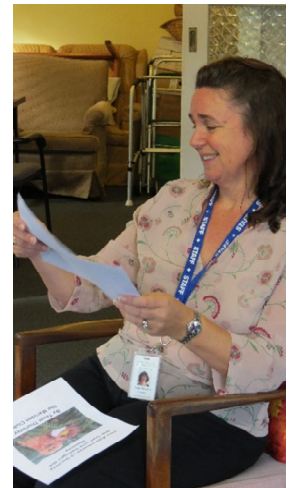

It was built by the Anglican Church between 1865 and 1866 on what was originally the site of Pipitea Pā, a Māori settlement on Wellington's waterfront.

One of the favourite art sessions this month was cutting-out pictures from magazines and creating collages onto canvas.

Refreshing basic science, mathematics, reading, writing and Vocabulary skills are always part of our program, we practice these activities in many different ways.

Our members with Debbie's help composed a new storybook. All participating members were very active and creative. They used soft toys to illustrate the story. This activity made all of our members very happy.

It is hard to find the right temperature to make everyone happy as we are all different. Having the heating too warm can lead to dehydration. As it is winter please dress to accommodate the cold weather. If you feel cold in the building please bring and wear an extra pullover or a cardigan.

We love to be here

**Keep Warm Keep Well
Keep Safe!**

Warm Regards from the Marsden Club
