

Marsden Club

NEWSLETTER

2016

**We are closed on
Monday 6th June
Queen's
Birthday Public**

This month we are organising trips using public transport, including a trip on the Cable Car. We would like to involve as many members as possible. Please bring in your SuperGold card so we can take a copy. We can use this copy for free transport.

This is what our little woodwork workshop looks like. Every two weeks on a Tuesday our Work Therapist visits. The members really enjoy these sessions.

The drives with the community bus are a highlight for our outings. Last time we drove around the bays in Wellington.

The favourite activity in April was the Alphabet Game. This game is excellent to maintain vocabulary and helps to keep communication skills alive.

One of our member just turned 90 years old. What an achievement! We all celebrated his birthday and ate delicious cake. May all your wishes come true!

**We
love
to be
here**

We visit Wellington Archives regularly. You can follow events and exhibitions on this link: <http://archives.govt.nz/events>

Our frequent visitors are Maggie the Border Collie and Ollie the fluffy cat. Ollie is our neighbour's cat and often shows up at the front door. He makes the members smile.

These pictures shows what's happening in our local gardens and at the Botanical Gardens. We have been enjoying the lovely autumn weather and the change of season.

Warm Regards from the Marsden Club
