23th October: Labour Day
Public Holiday.

Sorry We're
CLOSED

THE LION FOUNDATION

Thank you to the Lion Foundation for providing funding for our dividing door between the lounge and the dining room. The dividing door provides a more peaceful, quiet and warm environment during activities including music therapy.

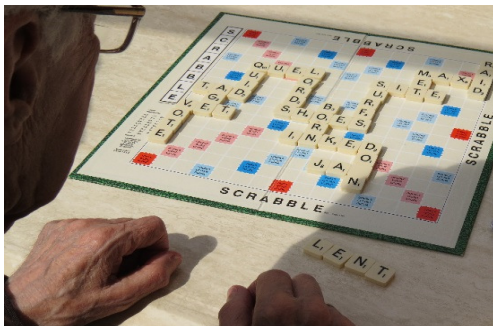

This year the Marsden Club's Christmas Lunch will be from 11.30 am on Friday 1st of December at Petone Working Men's Club. You will receive an invitation with information soon.

We also changed our very old curtains for new blinds. Our place looks upgraded and is more convenient. Thank you again to St Ninian's Uniting Church and our member's families for your donations to make this happen!

We love to be here

We had another visit from the Karori West Normal School. We organised interesting activities like board games, Scattergories and composing stories. Everyone has had positive experiences and fun again.

The most popular activities in September were Scattergories and Scrabble. In our art sessions we were focusing on colourful spring painting. Our Members are looking forward to doing more outside activities.

Beautiful spring is here, and with the warmer weather comes the bloom of kowhai, calla lilies and tulips!

Warm Regards from the Marsden Club
