August

2015

On 18th July our carpet was changed. The carpet laying in a furnished house is quite a big job. Our new carpet looks really good and is also soft and warm. The before and after taken photos shows the process and the result.

On Friday 14 August, 7pm at St Ninian's Church, the Karori Classics Team, in conjunction with St Ninian's, will hold a benefit concert for the Marsden Club and funds raised will be used to help pay the new carpet. Please check out the Karori Classics website for concert details- everybody welcome.

This year we have had a very cold winter, even snowed here in Wellington.

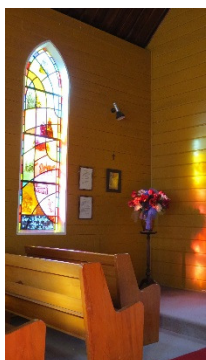

Our members enjoy music all year around. The frequently organised music therapy with Gabriella is one of the most events we all look forward to.

Visits to the Begonia House are always very popular at all times of the year.

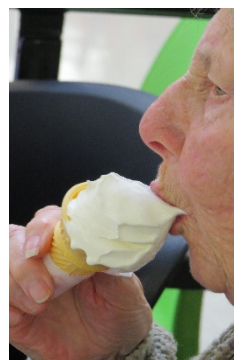

This is what we saw on one of our outings to the Makara farm land area.

We also visited St Patrick's Church at Makara Village. The sun shone and it was a very peaceful atmosphere for us all. We will visit again.

Winter or summer....sunny, windy orraining...
